

Where can I buy a replacement screen?y50-70 touch

Posted by lenovoadmin - 06 Jan 2017 07:45

The best source for laptop screens is at laptopscreen.com Not only do they have good prices, but they carry a wide variety of screens. They have a good model based replacement screen selector on their site and carry screens for both touch and non-touch Y50-70 models. Make sure you specify if your model is touch or not.call 9500066668
