Why is my lenovo laptop screen blinking?
Posted by lenovoadmin - 06 Jan 2017 09:10

_____

I had this issue with Lenovo Y70 touch and screen flickering and blinking horizontal lines (not in games).
The solution was bios upgrade - I've loaded new bios - version from 10.2015. It works - since 2 weeks
no blinking and lines anymore. So if you have this problem - try bios first. 5 minutes and problem is gone.
